

Hill's[®] Science Diet[®] Congratulates Canada's Best All Breed Cat of the Year

Master Grand Champion Envycats Winchester C.N.W.

At Envycats, all our cats are fed Science Diet exclusively. The different lifestage formulas as well as the "Special Needs" formulas are just perfect for our cats of all ages, from kitten to senior. We find the skin and coat condition excellent on all of our cats.

Keeping a Persian male in peak condition for a whole show season requires a lot of work. It is important to keep your cat healthy while maintaining the proper weight and a long shining coat. We, at Envycats, have found that Science Diet has played a major role in Winchester's phenomenal show season.

We are very pleased with the whole line of Science Diet products and we recommend it to all our kitten buyers.

Winchester's 2000-2001
Canadian Cat Association Show Record:
Best All Breed Cat of the Year in Canada
Best All Breed Cat in Quebec Region
Best Longhair Cat in Canada
Best Persian in Canada
10 Best of the Best Awards
Numerous All Breed and Specialty Best in Shows
